

FAST. FORWARD.

## Compact Team Radio

The single-channel AN/PRC-171 Compact Team Radio delivers robust voice and data capabilities for missions on the move. This multi-mission solution gives warfighters the flexibility of tactical MANET and legacy Line-Of-Sight (LOS) capabilities.

The AN/PRC-171 features a simplified user interface, allowing radio operation with minimal training time. Secure, reliable communications in contested and congested environments is supported with in-field upgrades to emerging wideband and narrowband resilient waveforms.

The Compact Team Radio is compatible with L3Harris AN/PRC-163 Multi-channel Handheld accessories and battery, reducing logistics support and allowing for easy kit-swapping among radios. MIL-STD ruggedized to withstand harsh conditions, this handheld is also SWaP-optimized to reduce warfighter burden.

The AN/PRC-171 ensures connectivity with ground-based tactical teams by supporting multiple modes of operation, including wideband MANET and narrowband voice and PLI.

### KEY BENEFITS AN/PRC-171
